Albuquerque Police Department

Logical Latent Analysis

Class:

Logical Latent Analysis

Date:

February 1st - 2nd

Cost

\$400

Location:

Albuquerque Police Department

5350 2nd Street NW

Albuquerque, NM 87107

Registration is now open

This two-day class will be a deep dive into the underutilized aspects of latent analysis. Go beyond point counting and target group searching. Learn how to understand and properly interpret level one information in every type of latent print. This class will make you a better more confident latent print examiner no matter what experience level you are at.

Instructor

Mack Brazelle, CLPE

Logical Latent Analysis

Topics to be covered:

Thin-Slicing
Latent Orientation
Reducing the Searchable Area
Pattern Specific Analysis Techniques
Utilizing Directional Flow
The Rules of Thumbs
Finger Joint Analysis
Delta Orientation
Latent Classification System

This class will advance your understanding of latent examination beyond the basic search smart tips by outlining a systematic, practical and intuitive approach to analysis. Prepare for an educational and engaging two-day experience that will make you a better more confident examiner.

Students will learn new and innovative techniques that will allow them to quickly and accurately interpret the visual information found in all latent prints. If you're looking for a class to sharpen your skills as an examiner and become more confident in your analysis, this is the class for you.

This course has been approved for 16 hours of certification & recertification training credit by the IAI Latent Print Certification Board.
